

From L-R: Loretta Turner, Terri Sparling, Brenda Dumond, Gabrielle Hershey, Mary Atkinson and Mary McInnes

Since 2009, The Huron-Perth Centre has developed a protocol with the North Perth Family Health Team for a collaborative intake process. This was formalized in 2012 and on November 11, 2015 the protocol was officially signed.

This protocol is one of many fine examples of the partnerships we offer, thanks for our many community partners.

For a full list of our current partnerships, please see the 'About Us' page on our website.
